Get more work done in less time

Savin 4015/4018/4018d

savin®

Got A Workgroup? Put Big Business

Choosing the right document management system is critical for your office/workgroup environment. You need a system that enables you to get more work done, in the shortest amount of time possible. And, at 15 and 18 PPM, the Savin 4015, 4018 and 4018d systems deliver those capabilities and more – featuring standard digital copying technology and connectivity options that provide advanced scanning, printing and fax capabilities – at a pleasantly affordable price.

Digital Technology Unlocks Exceptional Productivity

While the Savin 4015, 4018 and 4018d provide productive, out-of-the-box digital copying solutions, they really excel when you add either the optional Scanner/Printer/Fax, Scanner/Printer or Fax Kit. Then, your Savin 4015, 4018 and 4018d become complete systems that can handle all of your business communication needs – from output to distribution.

Connect To The Power Of Your Network

There's no need to clutter your office with two, three or even four different systems when the Savin 4015, 4018 and 4018d do it all. The optional Scanner/Printer/Fax Kit, combined with your choice of several network connectivity solutions, make it easy to provide desktop document management capabilities for everyone in your office.

Intelligent Connections

A standard 10/100BaseT Ethernet connection enables seamless integration on your network. Or, chose the standard USB 2.0 interface and connect the Savin 4015, 4018 and 4018d directly to a PC.

Wireless LAN and Bluetooth options eliminate unsightly cables and allow complete placement versatility.

IEEE 1284 Parallel and IEEE 1394 options are ideal for those who require reliable and fast connections to non-networked PCs.

Advanced connectivity options include USB, Ethernet, Wireless and IEEE 1394.

Raise The Bar On Network Printing

The Savin 4015, 4018 and 4018d systems provide out-of-the-box compatibility with most common business software applications thanks to standard PCL 5e/6 and Adobe® PostScript® 3™. And, our new, icon-based print driver software – RPCS™ (Refined Print Command Stream) – allows users to output print jobs with just one click of the mouse.

In addition to intuitive print drivers, the Savin 4015, 4018 and 4018d systems ship with a trio of network printer management utilities – WebSmartDeviceMonitor, Web Image Monitor and SmartDeviceMonitor – sure to please busy IT professionals. With them, users and IT staff can monitor and manage all of the Savin 4015, 4018 and 4018d's functions – copy, print, fax and scan – via a standard Web Browser (Web SmartDeviceMonitor or Web Image Monitor) or via an icon located on the Windows Taskbar (SmartDeviceMonitor).

Capabilities In It!

Easy To Use Control Panel

Easily navigate print, scan, fax, copy and document management functions

Scanning…It's A Must Have!
Network Scanning is the key to efficient management of digital and existing hardcopy documents.

Embedded Scan to E-mail enables users to communicate important information quickly and inexpensively. Easily meet tight deadlines by scanning hardcopy documents to multiple e-mail addresses. Additionally, you'll eliminate the expense of making extra copies of documents headed to multiple recipients.

Share hardcopy information such as photos, blueprints or drawings – ScanRouter Lite software makes it easy. And, optional **ScanRouter Professional** software is ideal for environments with more robust scanning requirements – providing Scan to Folder/File and OCR capabilities. **Scan hardcopy** directly to an image editing application in the PC. **Network TWAIN Scanning** eliminates the need for desktop scanners.

Versatile Communication Capabilities
Equip the Savin 4015, 4018 and 4018d systems with the optional Fax Kit to create the final spoke in the communications hub.

Super G3 Fax Productivity
For environments with demanding hardcopy fax requirements, the Savin 4015, 4018 and 4018d's Fax option provides high-end functionality. A **Super G3 Modem** and **JBIG Compression** join forces and quickly transmit your documents in as little as two seconds per page. **Dual Access** enables you to juggle two tasks at any given time – you can scan documents for transmission while the 4015, 4018 and 4018d print a reception. And, busy days won't be a source of frustration thanks to an array of features – including **Image Rotation, Serial Broadcasting, Send Later and Duplex Transmission** (Savin 4018d only) – that automate virtually all aspects of the fax process.

LAN-Fax And Internet Fax (T.37)
The Scanner/ Printer/Fax Kit for the Savin 4015, 4018 and 4018d offers increased fax functionality. Send a fax to another Internet fax – or e-mail address – via the Internet and eliminate costly long distance phone costs. Or, send faxes without leaving your desk…just click on "print" and your documents are sent through your internal LAN.

The Beauty Is In Its Simplicity

The Savin 4015, 4018 and 4018d offer a wide array of digital copying capabilities designed to streamline the document imaging process, while providing exceptional image quality and reliable performance. But, no matter what task you're performing, the Savin 4015, 4018 and 4018d systems ensure that your involvement in the process is kept to a minimum.

Choose The Savin 4015, 4018 or 4018d That Meets The Needs Of Your Workgroup	4015	 4018	4018d
Copy/Print Speed	15 PPM	18 PPM	18 PPM
Standard Paper Capacity	350 Sheets	600 Sheets	600 Sheets
Maximum Paper Capacity	1,350 Sheets	1,600 Sheets	1,600 Sheets
Network Printing/Scanning	Optional	Optional	Optional
Faxing	Optional	Optional	Optional
LAN-Faxing	Optional	Optional	Optional
Internet Faxing (T.37)	Optional	Optional	Optional
Automatic Duplexing	Not Available	Not Available	With Optional ARDF

- An intuitive Control Panel – featuring a 4-Line Display and Directional Cursor Keys – facilitates quick access to all the 4015/4018/4018d's capabilities.

- A generous paper capacity – up to 1,350 sheets (4015) or 1,600 sheets (4018/4018d) enables you to get through long copy and print jobs uninterrupted. Front loading paper trays make paper replenishment a snap, and a 100-sheet Bypass Tray increases output versatility while eliminating the need to switch out paper supplies.
- Two automatic document feeding options allow users to scan multiple originals at one time: Scan up to 30 single-sided sheets with the Automatic Document Feeder (4015/4018). Scan up to 50 two-sided originals with the Automatic Reversing Document Feeder (4018d only).
- Scan Once, Print Many enables you to scan originals once and make as many copies as you need.
- Automatic Image Rotation eliminates output errors by rotating scanned images to match the orientation of the paper in the paper trays.
- Combine Originals reduces physical filing space by combining originals onto a single page – perfect for documents that you must keep, but rarely refer to.
- Electronic/Rotate Sorting lets the system sort copies from memory, which puts a stop to collating document sets by hand. (Savin 4015 requires optional paper bank for Rotate Sorting.)

Easily identify inbound faxes and keep them separated from print and copy output with the One Bin Tray option.

Toner replacement is a snap thanks to the 4015/4018/ 4018d's dual component design.

Automatic Duplexing (4018d with optional ARDF) lets you copy and print two-sided documents – up to 11" x 17" – which significantly reduces paper, hardcopy storage and postage costs.

A Smart Fiscal Choice

For any company, smart financial management is just good business practice. That's why the Savin 4015, 4018 and 4018d are designed to reduce total cost of ownership.

A multifunctional platform eliminates the need to purchase and maintain multiple systems, which also eliminates the need to purchase and store different supply items. Plus, you'll produce print and fax output at copier costs – a great way to regulate overall document production costs.

A dual component consumable design simplifies routine maintenance while lowering cost-per-page.

Environmentally Responsible

Sophisticated technology does not have to come at the expense of responsible environmental manufacturing polices. The Savin 4015, 4018 and 4018d incorporate environmentally-friendly design features.

Promote consistent use of the Energy Saver Mode thanks to the Savin 4015, 4018 and 4018d's Quick Start Up (QSU) Technology, which facilitates a speedy Recovery Time of just 10 seconds.

Place the Savin 4015, 4018 and 4018d right next to the people who use it, thanks to its extremely quiet operation.

Choose the Savin 4018d and reduce paper consumption with highly productive two-sided copying and printing.

Systems That Are At Home In The Workgroup Or On The Desktop

Regardless of your office environment, there's a Savin system that's right for your business needs and your budget. For more information about the Savin 4015, 4018 or 4018d, contact your authorized Savin dealer.

NETWORK SCANNER OPTION SPECIFICATIONS

Scan Speed	Embedded Scan to E-mail and ScanRouter Lite 43 IPM, TWAIN 25 IPM
Interface	Standard Ethernet 10/100BaseT Optional: IEEE 1394 Optional: IEEE 802.11b Wireless LAN
Optical Resolution	600 dpi
Compression	Binary: MH (default), MR, MMR
Network Protocol	TCP/IP
Original Size	11" x 17"
File Format	TIFF, PDF

SCANNER FEATURES

Black and White Scanning
Duplex Scanning (4018d)
Embedded Scan to E-mail
Standard ScanRouter Lite
Optional ScanRouter Pro
Network TWAIN Scanning

FACSIMILE OPTION SPECIFICATIONS

Circuit	PSTN, PBX
Compatibility	ITU-T G3
Modem Speed	33.6 Kbps V.34 with Auto Shift Down
Transmission Speed	G3; 3.0 Seconds*, **
Scanning Speed	1.0 Second
Data Compression	MH, MR, MMR, JBIG
Resolution	200 x 100/200/400 dpi
Page Memory	3 MB (160 sheets)
Memory Backup	1 Hour
Quick Dials	32
Speed Dials	150
Group Dials	10

*Based on ITU-T Test Chart #1 in standard mode.
**Approximately 3 seconds per page at 33.6 Kbps is dependent on optimal line quality. Customer performance may vary by location.

ACCESSORIES

DF78 Automatic Document Feeder

Original Size	5.5" x 8.5" to 11" x 17"
Original Weight	14 to 28 lb. Bond
Original Capacity	30 Sheets
Dimensions (WxDxH)	21.6" x 18.5" x 3.55"
Weight	15.4 lbs.

DF79 Reversing Automatic Document Feeder (4018d)

Original Size	5.5" x 8.5" to 11" x 17"
Original Weight	Simplex Original: 10 to 34 lb. Bond; Duplex Original: 14 to 28 lb. Bond
Original Capacity	50 Sheets
Dimensions (WxDxH)	21.6" x 18.5" x 5.1"
Weight	22.05 lbs.

PS460 Paper Bank*

Paper Capacity	500 Sheets x 1 Tray
Paper Size	5.5" x 8.5" to 11" x 17"
Paper Weight	16 to 28 lb. Bond
Dimensions (WxDxH)	21.6" x 20.5" x 10.6"
Weight	55.1 lbs.

PS450 Paper Bank*

Paper Capacity	500 Sheets x 1 Tray
Paper Size	5.5" x 8.5" to 11" x 17"
Paper Weight	16 to 28 lb. Bond
Dimensions (WxDxH)	21.6" x 20.5" x 5.3"
Weight	26.05 lbs.

Type PT340 One Bin Tray (4018/4018d)

Paper Size	5.5" x 8.5" to 11" x 17"
Paper Weight	16 to 28 lb.
Paper Capacity	100 Sheets
Dimensions (WxDxH)	Unit: 8.5" x 18.9" x 4.1" Tray: 13.2" x 15.4" x 1.1"
Weight	3.5 lbs.
